

## \$99.95 Thin Client

### MicroClient TC

The MicroClient TC is ultra low cost/ultra energy efficient thin client complete with QRDP software for under \$100.00.

### Features

- Fanless Design
- VIA VT8500 RISC 300Mhz CPU
- 4GB Nand Flash On-Board
- 40-PIN IDE expansion x 1
- SD/MMC x 1
- RJ-45 with diagnostic LEDs
- USB 2.0 x 3
- VGA Connector x 1 (1024 x 768)
- RS232 x 1
- PS/2 Keyboard and Mouse connector
- Optional WIFI
- CD or DVD device optional
- Comes with VESA mount bracket
- Zero Configuration
- Quick Boot
- Supports Windows 200, 2003, 2008 or single user Windows XP or Vista
- Integrated Quick RDP (QRD) software
- Windows CE (optional)

### Specifications

**CPU** VIA VT8500 RISC 300Mhz

|                              |  |
|------------------------------|--|
| <b>Memroy</b>                | DDR2-400 256 MB onboard                      |
| <b>Storage</b>               | 4GB Nand Flash onboard                       |
| <b>Display</b>               | 1024 x 768 24 bit                            |
| <b>Audio</b>                 | Audio and and out jacks                      |
| <b>USB</b>                   | 3 x USB 2.0                                  |
| <b>Ethernet</b>              | 10/100BaseT RJ45 with Diagnostic LEDs        |
| <b>Quick Boot</b>            | Supports Quick Boot                          |
| <b>System Indicators</b>     | Green On/Off LED and Red System Activity LED |
| <b>COM Port</b>              | RS232 x 1                                    |
| <b>Power</b>                 | Input 100 – 240V AC, output 12V/3A DC        |
| <b>Operating Temperature</b> | 0° – 60°C (-4° – 140° F)                     |
| <b>Operating Humidity</b>    | 0% - 90% relative humidity, non-condensing   |
| <b>Dimensions</b>            | TBA  |
| <b>Weight</b>                | Less than ½ KG                               |

**The MicroClient TC is the lowest cost total Thin Client Solution on the market. It includes Quick RDP (QRDP) software which is a zero configuration, quick boot RDP client that will boot directly into Windows 2000, 2003, or 2008 server or can be used as a remote client connected to virtual sessions of Windows XP or Windows Vista running from a server.**

**The MicroClient TC is the ideal solution to provide access to Microsoft Windows applications running in hot, damp or other hostile environments. The MicroClient TC is low cost, fanless, highly reliable and requires no user administration.**

**NorhTec will be announcing new operating systems and new features and capabilities.**
