

## Flamingo

### Specifications

#### System

|                              |   |
|------------------------------|---|
| <b>CPU</b>                   | VIA Esther processor  |
| <b>BIOS</b>                  | AMI BIOS  |
| <b>System</b>                | VIA CX700M  |
| <b>I/O Chip</b>              | VIA VT1211  |
| <b>Memory</b>                | Onboard DDR 512 MB  |
| <b>Display</b>               | Integrated MPEG2, MPEG4 & WMV9 accelerator                        |
| <b>Audio</b>                 | VIA Vinyl VT1708  |
| <b>Ethernet</b>              | Realtek 8100B 10/100 Base-T PHY                                   |
| <b>Remote Boot ROM</b>       | Built-in ROM function, support PXE boot & Wake on LAN             |
| <b>System Indicators</b>     | One LED indicator shows power on.                                 |
| <b>HDD</b>                   | 120 GB standard   |
| <b>Power</b>                 | +5V @ 3 amp W/O hard disk,<br>+5V @ 5 amp W/ hard disk & DVD CDRW |
| <b>Operating Temperature</b> | -0° - 60°C (-4° - 140° F)   |
| <b>Operating Humidity</b>    | 0% - 90% relative humidity, non-condensing                        |
| <b>Dimensions</b>            | 14.3 x 11.6 x 4.58 cm (1 NIC)<br>14.3 x 15.2 x 7.2 cm (2 NIC)     |
| <b>Weight</b>                | Approx. 900 grams – depends on components installed               |

### Features

- Fanless Design
- VIA Esther 1.2 GHz CPU
- VIA CX700M
- MPEG4/WMV9 decoding accelerator
- Integrated VIA UniChrome 2D./3D Graphics
- 2 x USB 2.0
- 1 x PS/2 keyboard
- 120 GB 2.5" Hard Disk
- DVD CDRW
- 2 x RS232 (optional)
- 802.11 b/g WIFI (optional)

### Options

- 2 x RS232
- 802.11 b/g WIFI
- 160GB HD

*Until now, computers have been large, cumbersome boxes that consume lots of power and take up too much space. The **Flamingo** ushers in an era of small, energy efficient, and fashionable computers.*

*The **Flamingo** is the ideal 2<sup>nd</sup> or 3<sup>rd</sup> computer. The **Flamingo's** fanless design makes it the choice for bedrooms or anywhere else where the whirring sound of fans is annoying. The **Flamingo's** energy efficient design means it runs cool.*
